MAKE **GOOD** RECIPES INTO **GREAT** RECIPES.

Looking for sizzle or center of plate appeal? We've got just what you need to keep customers coming back for more.

A close-up photograph of a breakfast meal on a yellow plate. It features several strips of cooked, golden-brown bacon, two sunny-side-up eggs, a slice of lemon, and some green herbs.

BACON

- Consistent bacon you can rely on
- Farm fresh quality that has been winning customers over since 1895
- A variety of options, crafted to meet your specific needs

A photograph showing a large, spiral-sliced ham on a white plate. The ham is cooked and has a glossy, brown glaze. In the background, there is a bowl of colorful salad and some fresh herbs.

HAM

- Fully cooked – ready to serve
- Versatility to incorporate in multiple day parts
- Free of MSG, gluten and allergens

THIS PUBLIC SERVICE ANNOUNCEMENT BROUGHT TO YOU BY NYDP DELI PATROL®

SERVING ANYTHING LESS IS A CULINARY OFFENSE

"Corned Beef Without Compromise" photo courtesy of NYDP photo archives

Say goodbye to compromised flavor.

A rising number of alarming reports have come in concerning customers who have been sold counterfeit roasts or deli items with less flavor per pound, dry texture and unsatisfying taste.

If you, or anyone you know, have been sold roasts or deli items that have more in common with cardboard than actual delicious food, CONTACT THE HOTLINE BELOW. Epidemic numbers of people have forgotten what it's like to enjoy real roasts & deli items.

**MORE FLAVOR PER POUND.
IT'S THE LAW.**

Center of Plate & Deli professionals are standing by.

Sprinkles are for Cupcakes

Cheese made with distinctively clean and delicious milk doesn't need any added flavors, rubs or sprinkles.

Our cheese has already been decorated with 10 championship medals in the past three years.*

Exceptional animal husbandry - our secret to pure delicious milk that we celebrate in our creamy, rich cheeses. It's that simple.

- Wisconsin's only American Humane Certified dairy farms
- Small family-owned and operated farms
- Stringent requirements for animal health and milk quality
- Average herd size is just 55 cows

Should your eggs come from cage-free family farms or giant egg factories?

Pete & Gerry's Organic and Nellie's Cage-Free eggs come from small family farms where our cage-free hens can roost, scratch and roam. Most of America's eggs are produced on huge farms that keep millions of hens in battery cages.

Here are the facts:

- In 1987, the U.S. had 2500 mostly small egg producers.
- Big Agriculture forced out 92% of them.
- Now 5 giant corporations produce over 50% of all U.S. eggs.
- 59 small family farms produce eggs for Pete & Gerry's.

We want to keep small family farmers working their lands, sustaining their rural economies and preserving agricultural landscapes. We believe in happy hens and healthy families.
